Application for AYP Programme Fund (DEADLINE: 6 Nov 2020)

User Units of AOA are now invited to apply for AYP Programme Fund, which will be assessed in November 2020, for running AYP activities.

As usual, applications will receive priority attention if they are related directly with the main themes in the corresponding period. User Units are encouraged to briefly state on the application form how the theme could be reached. The main themes for the coming batches of AYP Programme Fund Application are set as below for your kind attention:-

For applications to be submitted in November 2020 and in 2021

- Promotion of Sports Activities
- Celebration of AYP 60th Anniversary

Please note that the “Notes for Applicants” together with the “Additional Guidelines for applying AYP Programme Fund” are enclosed for your easy reference in making the application. Please also note that for better allocation of resources, *participants of programmes supported by AYP Programme Fund are NOT eligible to apply for Dr. Irene Tang AYP International Exchange Programme Fund*, except those who are in need of financial assistance (for example, recipients of Comprehensive Social Security Assistance (CSSA)).

User Units interested to apply for the Fund are requested to complete the enclosed application form and return to the Award Operating Authority by **6 Nov 2020** so as to facilitate the preparation of OA’s recommendation. Additional copies can be obtained from the Award Office or download from AOA website (<http://www.ayp.org.hk/aoa/tc/forms.htm>). If there are applications that do not meet with the deadline, special considerations could be arranged as long as funding is available. However, such applications must be submitted to the Award Operating Authority two months before the programme commence.
