

Visit to GFS HQ

The CRS Refreshment Training, Visit to Government Flying Service (GFS) was successfully held on 12th April, 2019 (Friday) by the Expedition Instructors Central Registration Unit. It was the third year we were invited to visit GFS. There were 22 instructors and assessors from different Operating Authorities participated in this training.

During the visit, the aircrew from GFS introduced the daily operations and service areas of HKGFS. They also shared some of the remarkable rescue experience to our participants. In addition, participants had a chance to visit different types of helicopter and the safety equipment room. Participants also got to know the inner structure of aircrafts and some of the flight knowledge.

All participants showed their interest in GFS operation and actively asked many questions, to know more about the rescue process of the aircrew.

Participants listened to a talk about the daily operations of HKGFS firstly.

Participants got to know the inner structure of the aircraft.

Aircrew introduced the usage of equipment.
